Capital Gossip

By Mountaineer.

Washington, D.C.

Editor Eagle.

Champ Clark appears to be not only the man of the hour, but the coming man also. He is the possessor of the most conspicuous Presidential boom in Washington at the moment. It was precipitated at the now famous harmony fest in Baltimore and has been nourished here around the Capitol ever since. The boom received new force in the Democratic caucus of last week. Whether conscious of his merits as a factor in the Presidential race for 1912 or not, Mr. Clark's actions at that caucus certainly did not prejudice any one or any faction against him. His conduct was conciliatory and soothing. He submitted to be shorn of practically all the powers of Speaker like a lamb. The power to appoint committees was taken from him with his approval. As Speaker he will be no Car. Free from nearly all the responsibilities that attach to the present Speaker, and to all the Speakers that ever were, Mr. Clark cannot endanger his boom for President by making enemies in the House in the course of procedure. If there is any Carism the Committee on rules will have to stand the responsibility, not the Speaker. It is distinctly

a Southern boom. The South so far as Congress is concerned stands by Clark to a man. And the South will have the best of it in the sixty-first Congress. The Ways and Means Committee will be headed by Mr. Underwood, of Alabama. This and other important committees are to be enlarged to a membership of twenty-one. Only the Rules Committee will not be enlarged. There are numerous candidates for the chairmanship of this committee with almost a moral certainty that it will go to a Southern man. Several Kentucky members are in for good committee places. The Ways and Means Committee will be organized on the adjournment of the present session, and will proceed at once to work on a new tariff bill. When Congress next meets it is proposed to have the bill well under way.

The Senate met last Sunday and performed the antiquated rite of delivering eulogies on dead Senators. Time was saved by doing this on Sunday and there is no evidence that the five or six departed statesmen objected. The one element in the Senate just now is time. Business is banked up to a discouraging extent. They may get thru by March 4, but it will require an accelerated pace and probably night and Sunday sessions.

A Sensible Little Letter

Los Tanos, N. Mex., Jan. 23

Dear Editor,

Shall I be allowed space in the columns of your paper for a few words to my dear friends in old Letcher whom I so dearly love? We have been living here for more than three years and have many nice little friends whom I love. But when I get to thinking back over my Letcher county friends it seems to me that they are much nearer and dearer to me than anyone elsewhere. I noticed in the Eagle that there had been quite a destruction by fire in Whitesburg and am sorry indeed for those who suffered loss. I am glad to learn that the railroad is being built. I expect to visit up there this spring.

Your little friend,
Alpha J. Frazier.

A Mother's Heart Wrung

A few days ago the Angel of Death came into our home and took away Johnny, our dear little 15-year-old boy. He had suffered patiently for eight long years. We so much miss the prattle of his tongue and joys of his sweet smile. But we look up and feel sure that he is resting in the smiles of Jesus. Oh, Lord, comfort our hearts!

...LET'S... ORGANIZE

With the wheels of industry rolling rapidly toward our midst, with the eyes of the whole commercial world turned and centered right on us, is it not time to drop petty local and worthless differences and get down to real business? The very first thing we need is a good home-made Commercial Club made up of those who have the actual earnest good of the town and neighborhood at heart. A club like this will eventually be organized here and we ought not to wait for that to be done by those other than ourselves. The business of a commercial club is to bring trade and industries and business of all kinds. We need this. LET'S GET TOGETHER in a few days and try our hand at a proposition as indicated above. At least let's all get together some evening and have an old-fashion business talk if we do nothing else. Let's do something to build up old Whitesburg and thus make it

The Eagle Has Come to Stay

Harlan, Ky. Jan. 26

Dear Editor,

I hand you herewith check for \$1 for account, and wish to say that the copies of your paper I have received have impressed me with the fact that, whatever new enterprises and utilities may be necessary with the advent of the railroad to Whitesburg, they will amply meet the necessity for a good clean county paper, which would be a credit to a town many times larger than Whitesburg now is. Wishing you prosperity as one deserving, I remain,

Yours truly,
W. W. Lewis.

DELICIOUS EVERY HOUSEWIFE

Any woman who makes a fair test of A-1 Purify flour is a convert. It does not make any difference what she tries first—bread, biscuit, muffins, angel food or gems, the results will be so satisfactory that there will be no use in arguing with her. She has been looking for a flour that is good for all sorts of baking, for years, and A-1 Purify fills the bill. This flour is for sale by Lewis Bros. at 95c a bag or \$7.75 per bbl.

The R.R. Depot

It develops of late that there is an apparent uncertainty on the part of our citizens as to just where the depot will be at Whitesburg. The Eagle would under no circumstances attempt to pull down one section of the county or one section or one end of the town in order to build up or enhance another end. What we want is a big, wide, intelligent and business Whitesburg and whatever will bring that we are in favor of. Now, some of our friends have said that in case the depot is not located at the upper end of town on the property bought of Ira Fields the town will be greatly damaged. On our part we think this is partly true. In other words, we believe that it will be better for the progress of the town, better for its growth and better for all concerned for the depot to be located at the upper property. But, again, suppose it should be built on the Robert Blair place or lower down on the Watson Caudill farm it would enhance the value of property down there and thus make our city grow at that end instead of at the upper end. What is food for the goose is also food for the gander. The Eagle exercises partiality for or against no man. On its part it will be benefitted as much with the station one place as the other, but it wants the L. & E. people to do the very best it can for Whitesburg and all concerned. This old town will perhaps always be the county seat of Letcher county; it will likely as not always be the legal business center for all the citizens of the county. It will never be surrounded by coke ovens or mining camps or be the congregating place of that class of humanity that gathers around a mining town. Whitesburg will be for years the residence of a clean class of citizens including railroad officials, business managers of mining operations and the headquarters of business men of all sorts. In a few years it will be a new Whitesburg, tho' without the pool room, the billiard table or the saloon. That class of business will surely not be permitted to enter. We hear it often remarked that even big railroad corporations sometimes do things to spite people. Whether this is true or not we can't say. From the time that this railroad proposition was first started last August till now nine-tenths of our people have been as favorable as possible to the railroad. Till the railroad is finished and the trains running and on afterward it will be more or less worthy to our citizens. The railroad authorities know this and we feel certain that those who have the management of things in their hands will, in the location of a station at this place, put it where it will be for the best interests of our people both in the country and in town. We want to see Whitesburg grow at both ends, on all sides and in the middle. It has

Pertinent and Pungent Paragraphs for Our People's Perusal

If our citizens want little villages and hamlets to spring up at the mouth of every hollow and at every cross-roads, they must put property entirely out of sight and continue to keep up factional differences. Little life is constantly fighting and jabbing and quarreling with each other. The big life help each other or pursue their own course.

If the people of Whitesburg want the town to be a respectable town now or in the future, they must see to it that the depot is in the town. If they want a long, slow, thriftless grower, build the depot a mile or so away.

It is better to make one dollar while your neighbor is making ten than to make no money at all.

Suppose someone was to attempt to raise funds for the purpose of publishing a "booming directory" for Whitesburg, how much money do you guess that someone would get? Our business men might be afraid to publish Whitesburg to the world lest it help someone else. Isn't it time to stop doing business on such a small scale?

Whitesburg can never expect to be a business place, no matter where the depot is located, unless property owners come down to earth on town lot prices. Let us all pull together.

Just a very few people own most of the property that would be required to make Whitesburg grow. If they refuse or fail to lead the van for a Commercial Club why should us little "fry" attempt to do so? Those who have property to sell could be most benefited by bringing people and industries to this place.

A few minutes delay in treating some cases of croup, even the length of time it takes to go to a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all dealers.

An advertisement in the Eagle speaks to a thousand right out from the shoulder and five thousand more on the wing.

Facts for Weak Women

Ninety-nine out of all the diseases of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—it is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing copy; or, in cloth binding for 31 stamps. Telephone Lines Sold.

N. Starkey, of Pikeville, manager of the Eastern Kentucky Home Telephone Co., this week purchased the Whitesburg Telephone Co.'s lines in this county and also the Letcher Co. Home Telephone Co.'s line up the river to Baker. Mr. Starkey informed us that he will proceed at once to put the lines and business in first class condition, he having already placed an order for a new and modern switch-board, and good quarters for the exchange here will be arranged at once. A night service will also be inaugurated, a double line to Stonega is to be built, and in fact when the whole matter is adjusted it will be a new business entirely. Mr. Starkey will also proceed at once to have franchise for his lines granted by the city government, a thing which has never yet been done. With all of the above improvements we anticipate much better service than at any time in the past. Miss Hannah Caudill will be retained as heli girl at this place.
